

Living Out the Holy

Engaged Spirituality for Concerned Christians

Christian faith calls us to seek more from our own spiritual lives than reflection or comfort. The example of Christ we are called to follow engages directly with the plight of the vulnerable, with unjust social structures, and with the injury caused by human failings, whether to other people or the goodness of God's creation.

Building on last year's highly successful "Experiencing the Holy" gathering, the Academy for Parish Leadership in 2020 will move its focus from the internal to the external, exploring the spiritual and theological foundations for Christians engaging critical issues facing society and humanity.

This edition of the Academy for Parish Leadership will offer a range of speakers and resources on four topics at the center of the Convocation's work and witness in the world:

- Refugees and Migrants
- Climate and Creation Care
- Racism and Reconciling the Beloved Community
- Youth and Children: The Church of Today

Participants in APL 2020 will have opportunities to explore more deeply a variety of these topics, and to benefit from the perspectives of speakers motivated by their faith commitments to engagement in activism and witness. We will explore both the spiritual underpinnings of that engagement and concrete, practical steps that we and our parishes can take to live out that commitment in 21st-century Europe.

Registration will open February 3 and close May 18, 2020. EICS will cover all costs (including economy travel) for 4 participants plus clergy from each parish/mission. Dependent on registration, there may be the possibility of sponsoring additional participants, but we will only know towards the end of registration.
